

REMARKS/ARGUMENTS

In the Advisory Action mailed August 22, 2007, the Examiner has indicated that antecedent basis objection of claim 11 has not been fully addressed. While the antecedent basis of the term "primaries" in claim 11 has been corrected at line 4 a similar correction was omitted at line 6. In response, in accordance with the Examiner's suggestions, the present amendment corrects the antecedent basis of the term "primaries" at lines 4 and 6 of claim 11. Specifically, the term "primaries" has been replaced with "first and second primary windings". Entry of the amendments of claim 11 is thus respectfully requested in order to place the claims in better form for appeal.

THIS CORRESPONDENCE IS BEING
SUBMITTED ELECTRONICALLY THROUGH
THE PATENT AND TRADEMARK OFFICE EFS
FILING SYSTEM ON September 4, 2007.
